

## **Baby Please Don't Go**

Trad/Joseph 'Big Joe' Lee Williams

[E]Baby, please don't go [G] [A] [E]

Baby, please don't go

Baby, please don't go

Down to New Orleans

You know I love you so

Baby, please don't go

Baby, your man done gone

Well, your man done gone

Well, your man done gone

Left the county farm

He had the shackles on

Baby, please don't go

Don't you call my name,

Don't you call my name,

You got me way down here

with the ball and chain,

Now baby please don't go

Now turn your lamp down low

Turn your lamp down low,

Now turn your lamp down low

I beg you all night long oh baby please Don't  
go back to New Orleans

For be a dog

For be a dog

For be a dog

To git you way down here

I make you walk the log

Baby, please don't go

Baby, please don't go

Baby, please don't go  
Baby, please don't go  
Down to New Orleans  
You know I love you so  
Baby, please don't go

Now how I feel right now  
My baby leavin'  
On that midnight train  
And I'm cryin'  
Baby, please don't go

Baby, please don't go  
Baby, please don't go  
Down to New Orleans  
You know I love you so  
Baby, please don't go

For be a dog  
For be a dog  
For be a dog  
To git you way down here  
I make you walk the log  
Baby, please don't go,

yeah
